CARTE POSTALE

Lancaster Castle is now as the old
Assize Courts and a great part of the present building
of modern construction. The first Castle was built by
Roger de Poitou about 1070, and during the Middle Ages
considerably enlarged. The part shown in the picture was
rebuilt during the reign of Queen Elizabeth and has since
been altered and modernized.

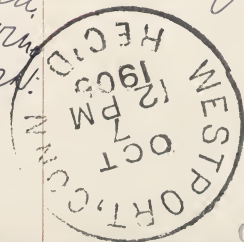

With lots & lots of
love. Truly I don't
have not forgotten
you and am going
to write you soon.
